Amazing Dianthus with remarkable vigour

Beauties® is a series of amazing Dianthus varieties with remarkable vigour. This low maintenance perennial series, with cheerful elegant blooms, is an excellent groundcover for gardens and unique for rocky garden displays. Beauties® can be easily cultivated by trimming them mechanically. Trimming creates more vigour and flowers, which is great for the larger pot sizes. Beauties® are true garden performers, but are also suitable for planters on a terrace or balcony.

Every variety is a great performer. Selected varieties are a better fit for retail and are perfect for bench-run sales. You'll recognize these varieties by the label *retail combo*.
