

Catalogue Pot, Patio & Garden 2022

HilverdaFlorist

By collaborating we can
strengthen each other. Especially now.

The last year everyone in the horticulture sector was challenged to be viable, flexible and creative. It was both a turbulent and a positive year for us. We're proud that we've got to celebrate our one year anniversary as HilverdaFlorist. We are one, and looking forward to the future together with you.

By constantly reacting and anticipating on the changing environment and needs of our partners, we remain a reliable partner and guarantee the continuity of HilverdaFlorist at the same time. Business challenges, opportunities to improve and our long-term partnerships, motivate us to invest in the future. This year we start the construction of 2.2 hectares of new greenhouses. The expansion will be operational at the start of 2022. These new greenhouses allow us to keep producing young plant material according to the latest techniques and standards and to invest even more in research and the development of new products and unique genetics.

If you are successful we are too. We passionately believe that by working together we can strengthen each other, develop new groundbreaking ideas and create joint success. Especially now. Being a customer at HilverdaFlorist, is being a partner of HilverdaFlorist. Through our partners and production locations all around the world, we offer the best genetics, a wide assortment high quality starting material and tailor made advice for your situation. Our mission is to keep selecting the most beautiful and groundbreaking Pot, Patio & Garden varieties, matching the ever-changing criteria and wishes from our partners and their specific markets. While consumer satisfaction will always be a critical consideration, we are in close contact with growers, distributors and retailers worldwide on a daily basis. This enables us to supply products and services, technical information and marketing support to address your demands.

We are proud to show you the latest results of our breeding pipeline filled with unique cutting-edge genetics. This year we have introductions in all our popular brands and strengthen those series with valuable varieties for grower, wholesale, retail and consumer. Turn to page 6 for an overview of the introductions for 2022. Be inspired by this catalogue and make your choice to strengthen your assortment.

We're enthusiastic for the new season, and are looking forward to working together.

INTICANCHA

— PATIO ALSTROEMERIA —

Patio Alstroemeria with intense coloured large flowers

The Inticancha® Series is a compact patio series with great ornamental value due to the elegant petals, large flowers and strong bright colours. These Alstroemeria are easy to maintain and will flower continuously from Spring until Autumn.

The Inticancha® Series can be planted in a garden as well.

Every Inticancha® is a great performer. Selected varieties are a better fit for retail and are perfect for bench-run sales. You'll recognize these varieties by the label *retail combo*. Three varieties of the Inticancha® Sun Series are also a perfect fit for this retail combo.

INTICANCHA

SUN SERIES

Sun loving Alstroemeria

The Inticancha® Sun Series consists of varieties that love the sun and heat more than any other Alstroemeria. The Sun Series is perfect for outside cultivation and has less flower-combustion in the sun. Besides these strong characteristics these Inticancha® varieties are just as easy to maintain, have large flowers, are strong and will flower continuously from Spring until Autumn.

The *retail combo* varieties of the Inticancha® Series are a great fit with these Sun varieties.

Summer Paradise®

Summer Series | Alstroemeria

Summer Paradise

Summer Series

The tallest and most vigorous garden Alstroemeria

The Summer Series is the tallest and most vigorous garden perennial in the Alstroemeria assortment. The Summer Alstroemeria will produce an unbroken display of flowers from May until November.

Every year the plant gets more vigorous, like a true superstar perennial. With the beautiful tall stems the Summer Series is ideal for borders in the background. As an added bonus the tall stems are perfect to pick flowers and create your own bouquet. The Summer Series is a true garden performer, but suits a big container just as well. For optimal revenue sell the product as semi-finished for maximum loading factor and shorter cultivation time.

Variety specifications are outlined at page 95

Amazing Dianthus with remarkable vigour

Beauties® is a series of amazing Dianthus varieties with remarkable vigour. This low maintenance perennial series, with cheerful elegant blooms, is an excellent groundcover for gardens and unique for rocky garden displays. Beauties® can be easily cultivated by trimming them mechanically. Trimming creates more vigour and flowers, which is great for the larger pot sizes. Beauties® are true garden performers, but are also suitable for planters on a terrace or balcony.

Every variety is a great performer. Selected varieties are a better fit for retail and are perfect for bench-run sales. You'll recognize these varieties by the label *retail combo*.

Flow®
Dianthus

Premium Dianthus with stunning appearance

Flow® is a true premium Dianthus. The beautiful well-balanced foliage combined with large double flowers in a huge diversity of stunning colours, make this product truly unique. Flow® is easy to grow, and in general 2 weeks faster to finish comparing to the Adorable Series. Flow® needs a slightly higher temperature during cultivation than other Dianthus varieties. During cultivation pinch once to create the true full premium Dianthus. The Flow® varieties are versatile in use and perfect to place indoor or on a balcony or terrace.

The complete Flow® assortment is perfect for retail and bench-run sales.

Garvinea® Cheeky

Gerbera

Cheeky mini flowers and high flower count

The Garvinea® Cheeky has a compact foliage and shows its cheeky mini flowers from Spring until Frost. This series is suitable for cultivation in smaller pot sizes compared to other Garvinea® Series. The strong Garvinea® genetics form the basis of this uniform plant.

Don't be misled by the cuteness, because the Cheeky Series has the highest flower count of all Garvinea® Series.

Classic Femmy

CLASSIC FEMMY

Garvinea® Classic Femmy is the hot pink double flowered variety of the Garvinea®. The only difference with the Garvinea® Sweet is that the flowers are slightly smaller, but that's compensated by a tremendous amount of flowers.

Midi Sundayz® Berries 'n Cream

SUNDAYZ
double flowers
double joy

Colourful long-lasting double flowers

This colourful Gerbera Series offers long-lasting double flowers for bright coloured displays. Since the double flowers have less pollen, the shelf life is longer compared to the single type Flori Line® Series. Sundayz® can be grown all year round.

Sundayz® has a great indoor-outdoor versatility: a fun splash of colour in the living room, on a windowsill or on a balcony or terrace table.

Salgoon®

Salvia

Vigorous Salvia plants

The Salgoon® Series are fast flowering vigorous Salvia plants with many side shoots and with exceptionally long flowering stems. In each variety the stems, foliage and flowers have a beautiful contrasting dark colour. The Salgoon® Series grows uniformly and has a heavy bloom set. One cutting can easily fill a 21 cm (8 inch) pot. The Salvia is a hummingbird and bee friendly plant, which contributes to an environmental friendly garden. Salvia Salgoon® is a great garden performer, but suits a big planter as well.

Every Salgoon® is a great performer. Selected varieties are a better fit for retail and are perfect for bench-run sales. You'll recognize these varieties by the label *retail combo*.
